EDUCATION

University of Nebraska-Lincoln

Bachelor of Science in Computer Engineering

Lincoln, NE

Expected May 2027

GPA: 3.280/4.0 | **Honors:** Dean's List, Spring 2025

Relevant Coursework: Embedded Systems, Digital Logic, Computer Organization, Circuits, Internet of Things (in progress)

TECHNICAL SKILLS

Programming and HDL: C, C++, Python, VHDL

Embedded: ESP32, SAMD21, Arduino, I2C, SPI, LoRa, watchdog timers

Hardware and Tools: Soldering, SBUS, Betaflight, Fusion 360, Git, GitHub, VS Code

SELECTED PROJECTS

Wearable ECG Monitor - Senior Design (In Progress) | ESP32, AD8232, C/C++

- Building an ECG prototype with my senior design team; connected electrodes and an AD8232 front end to the ESP32 ADC for signal acquisition.
- Working on digital filtering and serial waveform visualization while testing electrical noise, electrode placement, and motion artifacts.

Orbit Shift - Released iOS App | Godot, GDScript

- Designed, built, and released a circular puzzle game for iPhone and iPad on Apple's App Store.
- Built the mobile UI and integrated Game Center, AdMob, and in-app purchases; completed the App Store submission and release process.

Custom FPV Drone | Electronics, Betaflight, SBUS

- Assembled and soldered the flight controller, ESCs, motors, SBUS receiver, power system, and FPV camera and video transmitter.
- Configured channels, motor direction, flight modes, and failsafe in Betaflight before controlled outdoor test flights.

LoRa and Embedded Systems Labs | SAMD21, C++

- Programmed LoRa packet exchange, timer-based sampling, watchdog resets, receive validation, and flash error logging for IoT coursework.

EXPERIENCE

Amur Equipment Finance

IT Intern

Grand Island, NE

May 2024 - Aug 2024

- Resolved approximately 20 hardware and software tickets per week supporting 200+ employees, diagnosing endpoint and application issues from intake through resolution.
- Imaged, configured, security-checked, and deployed 100+ laptops for employees across the company.
- Automated recurring IT workflows with Python scripts and Excel tools to reduce manual work.

Menards

Sales Associate, Plumbing Department

Lincoln, NE

Oct 2020 - Present

- Assist 50+ customers per shift with product selection and project questions; trained 4 associates on point-of-sale systems and safety procedures.
